Re: El Ran Inc.
#1 Byron, Sec. 34,
7S-32E, Chaveroo Field

Dear Mr. Sexton:

As per our conversation of today, I would like to request permission to set 8 5/8 at 325', and circulate same. In the event we make a commercial well, we will, within six months, perforate the oil string and circulate cement to the surface.

Yours very truly,

EL RAN INC.

W. W. Ranck, President

WWR/kd
