13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

At the request of the surface owner, OGS Operating respectfully requests the access road to the Bluitt "8" Fed #2 be relocated. The proposed road will be located approximately 100' east and parallel to the northeast to southwest trending pipeline corridor. The relocated road will be +600' in length. The archaeological survey for the proposed road will be submitted to the BLM by Boone Archaeological Services, LLC.
