Re: Mary Ella "11" Well #1-D  
Section 11, T8S, R33E

Dear Tim:

We have had another request from your bonding company to release the above-referenced well. We wrote you in February and outlined what needed to be done to get this location ready for release. Our August 18th inspection indicates none of the work has been done.

Please contact me at your earliest convenience so we can work out some arrangement to get this location in condition to be released.

I have attached a copy of my February 11th letter which outlines what needs to be done for the cleanup to be in compliance with our policy.

Very truly yours,

OIL CONSERVATION DIVISION
