17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

A spudder rig was moved on the above location on February 19, 1971 and is currently drilling a 15" hole at a depth of 191'. The 30th day of operation was completed over the weekend of March 20, 1971. This rig is operating on a 24 hour basis; however, due to rig repairs, caving hole conditions, and weather conditions, drilling is progressing at a somewhat slowed rate.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
