Section 30, T-16-S, R-33-E,
Lea County, New Mexico

Gentlemen:

Please refer to the Form C-103 filed for beginning of Drilling Operations and cement job on the above described well.

The Form C-103 indicates the 13 3/8 inch surface casing in the well was set at 361 feet. The setting depth is in error and should be corrected to 364 feet.

We would appreciate you changing the pipe depth on your copies of the Form C-103.

Sincerely,

SAMEDAN OIL CORPORATION
