13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This is a courtesy notice in order that the MMS data base, well status, may be updated.

This well is located on Fee lands, but is part of a unit that included federal acreage.

The well has been temporarily abandoned in October, 1995, as it is uneconomical to produce at this time due to high water content. Well should be retained as future

producer or possible water injection well. NM Oil Conservation Division, Hobbs, NM,

has been notified per their Form C-103, Sundry Notice.
