OTHER: ☐

12. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompilation.

Estimated starting date is March 29, 2002. Maynard will notify the District office in Hobbs at least 24 hours before commencing the following work. Maynard proposes to set a cast iron bridge plug within 100' of the uppermost perforations, pressure test the casing to 500 psi with a pressure drop of not more than 10% for thirty (30) minutes, record the pressures during the pressure test and load the casing with inert fluid to inhibit corrosion. Maynard will submit the original pressure chart along with a Form C-103 report of the completed operations.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
