The two remaining NW $\frac{1}{4}$ interests in the mentioned SW $\frac{1}{4}$ of Section 25 and the NW $\frac{1}{4}$ of Section 26 have been committed to a unit plan, and the well shall be drilled under such unit plan.

Order No. 2-III-A of the Oil Conservation Commission of the State of New Mexico requires that prior to commencing operations on any land where the operator over the operator shall furnish one copy by registered mail of the notice of intention to drill to each owner of the oil company each copy to all persons owning mineral leases within a radius of one mile of the proposed wellsite.
