Sun Oil Company's J. L. Barr No. 2  
Location: Eumont Gas Pool,  
Lea County, New Mexico

New Mexico Oil Conservation Commission  
Santa Fe, New Mexico

Gentlemen:

Attached you will find in quintuplicate Notice of Intention to Drill the above unorthodox location. Inasmuch as our J. L. Barr 160-acre lease does not cover a legal quarter section (substantially in the form of a square), we hereby request an exception to Rule 2 under "Well Spacing and Acreage Requirements for Drilling Tracts" as contained in Rules of the New Mexico Oil Conservation Commission covering the Eumont Gas Pool, Case No. 584, Order No. R-370-A, effective November 10, 1953.

Furthermore, for the same reason, we also request an exception to Rule 7 to the provision of this same Order prescribing "Proration Units".

It is therefore requested that Notice of Hearing before the Commission be duly issued, when our applications for the exceptions above set out may be considered.

Yours truly,

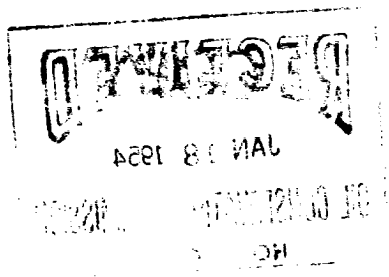

SUN OIL COMPANY
