ANNUAL REPORT OF THE BUREAU OF PLANT INDUSTRY

The Bureau of Plant Industry, United States Department of Agriculture, was organized on July 1, 1905, by the transfer of the plant industry functions of the United States Department of the Interior to the United States Department of Agriculture. The Bureau has since that time been engaged in the study and collection of plants and plant products, and in the dissemination of information regarding them.

The Bureau has been organized into several divisions, each of which is responsible for a certain part of the work of the Bureau. The divisions are: the Division of Plant Industry, the Division of Plant Quarantine, the Division of Plant Pathology, the Division of Plant Physiology, the Division of Plant Breeding, the Division of Plant Distribution, the Division of Plant Conservation, and the Division of Plant Utilization.

The Bureau has been engaged in the study and collection of plants and plant products, and in the dissemination of information regarding them. The Bureau has been engaged in the study and collection of plants and plant products, and in the dissemination of information regarding them.
