REF: Texaco State H #2 (NMGSAU #1611)

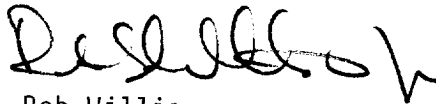

Dear Mr. Sexton:

Amerada Hess Corporation respectfully requests your consideration of the attached information in reference to the well listed below. The well in question, the Texaco State H #2, Unit K, Section 32, T-19S, R-37E was identified by the NMOCD as an out of zone completion in the Eumont.

Texaco recently supplied Amerada Hess with a copy of a C-103 dated August 29, 1981 showing that the zone was squeezed in 1981 and the Eumont was abandoned. Please see attachment. As a result we feel with the information provided to us, the Texaco State H #2 should be taken off of the out of zone completion listing.

If you concur with our determinations, we would appreciate your approval. If you require any additional information, please feel free to call me at 393-2144.

Very truly yours,

Rob Williams  
NMGSAU Unit Superintendent
