Oil Conservation Commission
State of New Mexico
P. O. Box 871
Santa Fe, New Mexico

Due
Sept 27

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Cities Service Oil Company requests administrative approval of a nonstandard gas proration unit of 120 acres consisting of the NW, NE, and SE of the SW/4 Sec. 2, T-20S, R-37E Eumont Gas Pool, Lea County New Mexico, to be assigned to the State AR #1.

The Cities Service Oil Company State AR #1 located 1980' from the south and west lines of Section 2, when tested May 17, 1960, produced two barrels of oil and 1000 MCF gas in 24 hours for a resulting gas-oil ratio of 850.000/1. The New Mexico Oil Conservation Commission, Hobbs Office, on August 12, 1960, advised by letter that the State AR #1 would be classified as a gas well and the oil allowable cancelled effective September 1, 1960.

The State AR #1 meets all requirements of Order No. R-102 and a nonstandard gas proration unit may be reasonably presumed to be productive of gas. A plan is attached hereto showing the location of the State AR #1 and the proposed nonstandard proration unit as outlined in red.

Copies of this application have been sent to the offset owner(s).

Very truly yours,

Cities Service Oil Company

E. F. Motter

OIL CONSERVATION COMMISSION
HOBBS, NEW MEXICO

August 12, 1960

Cities Service Oil Co.
P. O. Box 97
Hobbs, New Mexico

Gentlemen:

This is to advise you that due to your recently submitted gas-oil ratio test your State "AR" Well No. 1 located in Unit K of Section 2, T-20-S, R-37-E will be reclassified as a gas well in the Eumont Gas Pool. The oil allowable will be cancelled effective September 1, 1960.

If you desire to produce this well as a gas well, it will be necessary for you to comply with the rules for gas wells in the Eumont Gas Pool as set out in Commission Order No. R-1670.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
