

NEW MEXICO STATE LAND OFFICE  
**OFFICE OF THE STATE GEOLOGIST**  
 SANTA FE, NEW MEXICO

## MISCELLANEOUS REPORTS ON WELLS

Submit this report in duplicate to the State Geologist or proper Oil and Gas Inspector within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of water shut-off, result of abandonment of well, and other important operations, even though the work was witnessed by the State Geologist or Oil and Gas Inspector. Reports on minor operations need not be signed and sworn to before a notary public, but such operations should be witnessed by an Oil and Gas inspector if possible.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF SHOOTING WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF WATER SHUT-OFF	<b>X</b>	REPORT ON REPAIRING WELL	
REPORT ON RESULT OF ABANDONMENT OF WELL			

Hobbs, New Mex      Aug. 26, 1935

Mr. F J Veseloy State Geologist, Oil & Gas Inspector

Santa Fe, N. Mex.      Carlsbad

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the implementation of the proposed changes. It details the steps involved in the transition process, from the initial planning phase to the final execution. This section also addresses the potential challenges that may arise during the implementation and provides strategies to overcome them.

3. The third part of the document discusses the long-term impact of the changes. It highlights the expected benefits, such as improved efficiency and cost savings, and provides a timeline for when these benefits are anticipated to be realized. This section also includes a discussion on the ongoing monitoring and evaluation of the changes to ensure they continue to meet the organization's needs.

4. The fourth part of the document provides a detailed overview of the financial aspects of the project. It includes a breakdown of the estimated costs and a comparison of the expected benefits against the initial investment. This section also discusses the funding sources and the timeline for the financial review.

5. The fifth part of the document discusses the legal and regulatory requirements that must be met. It outlines the necessary steps to ensure compliance with all applicable laws and regulations, and provides a checklist of the required documents and approvals.

6. The sixth part of the document provides a summary of the key findings and recommendations. It highlights the most important points from the document and provides a clear path forward for the organization. This section also includes a list of the key stakeholders and their roles in the implementation process.

7. The seventh part of the document provides a detailed overview of the implementation timeline. It includes a Gantt chart showing the sequence of tasks and the estimated duration for each task. This section also discusses the key milestones and the responsibilities of the various teams involved in the implementation.

8. The eighth part of the document provides a detailed overview of the risk management strategy. It identifies the potential risks associated with the project and provides a plan to mitigate these risks. This section also includes a list of the key risks and the corresponding mitigation strategies.

9. The ninth part of the document provides a detailed overview of the communication strategy. It outlines the key messages and the channels used to communicate the information. This section also includes a list of the key communication activities and the responsible parties.

10. The tenth part of the document provides a detailed overview of the project closure process. It outlines the steps involved in the final review and the distribution of the project results. This section also includes a list of the key tasks and the responsible parties.
