17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1503.

On 6-27-1981 we pulled rods and pump and circulated the hole with mud laden fluid and pumped a 15 sx cement plug to cover perfs. The plug didn't stay; on 6/29/81 we then ran and set a Baker C.I.B.P. at 6800' with 25' cement plug. Shot off 4½" casing at 3562' and pumped 20 sxs plug there on 6/30/81 also put a 20 sx plug at 1720'-1620'. On 7/1/81 we pumped 10 sxs from 20' - surface and placed a 4½", 7' monument in the top.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
