# THE HISTORY OF THE CITY OF NEW YORK FROM 1624 TO 1898

The history of the city of New York, from its first settlement in 1624 to the present time, is a story of growth and development. It is a story of the struggles and triumphs of a people who have built a great city on a small island in the heart of a great bay.

## THE EARLY YEARS

The first Dutch settlers arrived in 1624, and the city grew rapidly. By 1674, it was the largest city in North America. The Dutch were followed by the English, who took control of the city in 1674. The city continued to grow, and by 1790, it was the largest city in the United States.
