INSTRUCTIONS

This form shall be prepared in **QUADRUPPLICATE** with the District Office of the Oil Conservation Commission covering each unit from which oil or gas is produced. Except as provided hereon, it will be filed for each transporter authorized to transport oil or gas from a unit. When said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the producer and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed for each change in operating ownership and each change in the name of the transporter. In the case of a temporary change in the transporter having no effect on the unit's production for one proration period, the operator shall file a copy of the certificate with the Oil Conservation Commission District Office. The transporter authorized by certificate on file with the Commission may transport and move oil or gas to be moved by the transporter temporarily removed from the unit and the name of such temporary transporter shall be furnished. The transporter shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil or gas than the estimated production of the unit.

This certificate when approved and approved by the Oil Conservation Commission shall be valid for a specific connection and authorization to transport oil and gas from the operator named therein and shall remain in full force and effect until:

- (1) the unit is closed or changed;
- (2) the transporter is changed; or
- (3) it is null and void as decided by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the time this report is filed, explain fully under the heading "REMARKS".

In all cases where a change is filed to cover a change in operating ownership or a change in the transporter designated to move oil or gas, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate report shall be filed for each producing unit as designated by the Oil Conservation Commission.
