Gentlemen:

Under the provisions of Commission Order No. R-1670 your State E-17 Well No. 5 located in Unit L of Section 17, T-22-S, R-36-E is being reclassified as a gas well due to a gas-oil ratio of 133,333:1 as shown on your recently submitted Form C-116, and the oil allowable has been cancelled effective July 1, 1960.

Our records indicate that NSP Order No. 405 approved a 320 acre unit consisting of the W/2 of Section 17 for the well, and we have Form C-128 on file outlining this acreage. If you plan to dedicate this same acreage, it will only be necessary for us to have a Notice of Connection from your gas purchaser in order to assign a gas allowable.

Please advise.

Yours very truly,

OIL CONSERVATION COMMISSION
