Hobbs, NM 88240

SUBJECT: H. Leonard (NCT-C) #9-B in 36-21-36
C-103 dated October 19, 1981

Gentlemen:

This letter is in regard to our notation of an addition of 35' of cement on top of the CIBP set at 3638 feet in the above-captioned well. Since this work has already been done, you will not be required to set cement on top of CIBP at this time, but when the well is permanently abandoned or the first time the well is pulled, you should set 35' of cement on top of the CIBP.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
