Attention: Mr. W. E. Allen, Dist. Supt. of Production

Gentlemen:

Reference is made to your letter dated December 22, 1955 in regard to your L. G. Hill Well No. 1-D, 4-21S-37E, in which you desire that the Form C-105 you submitted on November 18, 1955 should be cancelled due to the well going to 100% water.

It is not necessary to cancel Form C-105, but please submit Form C-102 indicating that you desire the well to be considered a shut-in drilling well. Also indicate your plans on a Form C-102 to test the Grayburg formation uphole on the same Form C-102 or submit it later if there is to be a delay.

Very truly yours,

Warren W. Mankin

Dear Sir:

Reference is made to your letter of the 10th day of August, 1934, in which you requested that the Commission issue a license to you for the purpose of conducting a geological survey of the oil and gas resources of the State of New Mexico.

The Commission has considered your application and has determined that you are qualified to conduct such a survey and that the issuance of a license to you is in the public interest.

Accordingly, the Commission has issued to you a license for the purpose of conducting a geological survey of the oil and gas resources of the State of New Mexico, effective from and after the date of the issuance of this license.

The license is subject to the following conditions:

1. You shall file with the Commission a report of the results of your survey within a reasonable time after the completion of the same.
2. You shall pay to the Commission the fee of \$100.00 for the license.
3. You shall comply with all the provisions of the laws of the State of New Mexico relating to the regulation of the oil and gas industry.

Very truly yours,

Chairman
