Box 2100
Hobbs, New Mexico

Gentlemen:

Effective February 1, 1964 your New Mexico State "S" No. 12 located in Unit A of Section 2, T-22-S, R-37-E and your New Mexico State "V" No. 11 located in Unit K of Section 10, T-21-S, R-37-E are reclassified as oil wells producing from the Blinebry Oil Pool. This reclassification is necessitated by your recently submitted gas-liquid ratio tests, which indicate the wells to be producing liquids of less than 51° and with ratios of less than 32,000.

Please file corrected Forms C-128, and if there is a change in transporters, please file corrected Forms C-110. These forms should be submitted prior to February 1, so that oil allowables can be assigned that date.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Supervisor, District 1
