New Mexico Oil
Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico

Dear Sir:

Attached is Amerada Petroleum Corporation's application for multiple completion in the Penrose Skelly, Drinkard, Paddock, and Blinebry zones in the State D "C" No. 2 located in Unit E, Section 19, T-21-S, R-37-E, Lea County, New Mexico.

This well was originally completed as a slim hole quadruple. The attempt at that time to complete the Paddock failed. The well was then completed as a triple in the Penrose Skelly, Drinkard and Blinebry zones with permission being granted by Order Number MC-1469.

Since the Paddock zone has now been completed successfully, Amerada requests that Administrative approval of this application for multiple completion in the above mentioned zones be granted.

The offset operators will receive a copy of this application.

Yours very truly,

D. C. Capps
District Superintendent

LET/jh
