17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Please find enclosed a copy of the recorded Oil and Gas Release dated June 12, 1979, from Getty Oil Company releasing their oil and gas rights in the NE/4 Section 13, T-21-S, R-36-E, Lea County, New Mexico. Under NMOCD Order #R-6333, we have recently reformed the NE/4 Section 13 as a new 160-acre Eumont Gas proration unit, and are today filing the completion report for our Gutman No. 2 as a new Eumont producer on this tract.

We have also recently discovered that Getty's R. M. Marshall No. 2 is still being carried in the Southeast New Mexico Gas Proration Book, and since Getty does not own any oil and gas rights in the NE/4 Section 13, we hereby request that the NMOCD, if it has not already done so, reclassify Getty's R.M. Marshall No. 1 as an abandoned well in the Eumont pool.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
