Texas Pacific Oil Company, Inc.  
P. O. Box 4067  
Midland, Texas 79701

Gentlemen:

The recently submitted gas-oil ratio test for your E. W. Walden Well No. 3 located in Unit C of Section 15, T-22-S, R-37-E, indicates that the Blinbry zone should be reclassified from gas to oil in accordance with the provisions of Division Order No. R-1670-N, Rule 26 (a).

Rule 26 (d) of R-1670-N affords the operator an opportunity to request reconsideration of such reclassification if the request is made within 10 days after notification, and is accompanied by supporting evidence.

In the absence of such a request, the gas allowable will be cancelled and an oil allowable assigned effective January 1, 1980.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District 1
