17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

J. C. Johnson Lease was acquired by APOLLO ENERGY, INC. from Getty Oil Company effective August 1, 1984. This well is dually completed in the Jalmat gas and Langlie Mattix. APOLLO proposes to set bridge plug to isolate LM perfs. 3425' - 3650' and produce Jalmat perfs 2925' - 2990' with a single tubing string. To our knowledge, Getty ceased injection in the LM zone at effective date of change of ownership. This work will be done prior to December 31, 1985.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
