(SEALING OF PACKERS)  
(211-211-03)

STATE OF TEXAS

County of Midland

G. F. Daniel being first duly sworn according to law, upon his oath deposes and says:

That he is of lawful age and of full knowledge of the facts herein told:

That he is employed by Tenneco Oil Company in the capacity of Drilling Foreman and is such as its authorized agent.

That on December 1, 1965, he personally supervised the setting of a Guiberson RH-1 (Hydraulic Set) on Tenneco Oil Company's  
(Make and Type of Packer) (Operator)

Ginsberg Federal (Lease) Block No. 13, located in Unit  
Letter K, Section 31, Township 25S, Range 38E, MPM,  
Lea County, New Mexico.

That said packer was set at a surface depth of 3404 feet,  
said depth measurement having been furnished by Tubing Measurements.

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it will, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
