Gentlemen:

This is to advise that on 6-17-86 the Texas West Oil & Gas
Dual completed State 2#2 (Atoka) gas well located in Unit K
of Section 2, Township 24, Range 34, Lea
County, New Mexico was disconnected from El Paso Natural Gas Company's
gathering system. This meter is blind plated and will remain on loca-
tion temporarily, but inoperative until permanent status of the measur-
ing arrangement is determined. The disconnection was due to the Atoka
Zone non-producing - The Morrow Zone remains producing.

Yours truly,

Robert Patterson
Production Coordinator
