13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Tempo proposes to convert this well to SWD. Work is to commence when final approval by the BLM is recieved. Tempo Energy will set tanks, disposal pump, perform all requirements by OCD of NM and should have the well operational within 90 days of said approval. A copy of the original amended application to convert to SWD has been submitted to Mr. Deaton with BLM in Hobbs, NM.
