Re: Change of Operator
Moore "34" Well #1-G
Sec.34, T24S, R34E

Gentlemen:

We have received Form C-104 for a change of operator from BWA Oil & Gas to Johnny G. Jones for the above-referenced well. Our Santa Fe office advises you do not have an approved plugging bond on file to cover this well.

I have enclosed a surety plugging bond application and a cash plugging bond application. You will need to execute one of these documents and return it to our Santa Fe office before we can approve this change of operator.

If you have any questions concerning your bond, please call Diane Richardson in our Santa Fe office at (505) 827-5806.

Very truly yours,
