Gentlemen:

Mr. F. Norman Woodruff of El Paso Natural Gas Co. has pointed out the previous correspondence and classification of your Gregory Well No. 2-L, Section 33, T-25-S, R-37-E in his letter of March 28th. Further, a request was made that we review our information that was the basis for classifying the well as a Jalmat Pool well.

I wish to advise you that this review has been made, and that we inadvertently classified the well as a Jalmat well. The proper designation is as a Langlie Mattix Oil Pool well, and has been replaced on the Oil Proration Schedule.

Please accept my apology for any anxieties I may have caused.

Yours very truly,

OIL CONSERVATION COMMISSION
