Northern Natural gas sent a disconnect notice for the Alpha 21 Prod. Co. El Paso Tom Fed #6-J & 7-L in 33-24-37. They are listed in the proration schedule under El Paso & Northern. Northern says they say they were never connected to #6 & #7.

Also, Northern has sent a disconnect notice for the Alpha 21 Prod. Co. El Paso Tom Fed #5-L 33-25-37. Our records indicate the #5, #6 & #7 all share a 440 acre proration unit and that the transporter should be El Paso Natural Gas. -- not Northern. If you need a supplement, please let me know.
