13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

We are going to resume operations on this lease and start the pumps and batteries up to determine what if necessary needs to be completed on it. It could require changing out the downhole pumps and a acid job. However, we do not know this until it is examined. At this point the initial plan is to resume pumping the wells.

Approval Subject To Returning Well To Continuous Production And Keeping Well On Continuous Production.
