Re: Chem State #3

Mr. Wagner,

New Mexico Oil Conservation Division (NMOCD) is in receipt of the C-141 that was submitted to NMOCD by Coastal on 3-3-99. NMOCD did contact Coastal on 3-30-99 in reference to the above location. NMOCD talked with Renee' in regards to an assessment that Coastal was going to perform. Since our conversation on 3-30-99 NMOCD has not received any documentation pertaining to the assessment or if one has even been done. **At this time NMOCD is requesting that a corrective action plan and/or a remediation plan be submitted to the District I office on the above referenced location by July 1st.**

To assist you in this matter, we are enclosing a copy of the NMOCD Guidelines for leaks and spills. If you have any further questions, or need any assistance please do not hesitate to write or call me at (505-393-6161 ext...113).

Sincerely,

A handwritten signature in cursive script that reads "Donna Williams". The signature is written in black ink on a white background.
