LEA COUNTY, NM**

I. This proposed Antelope Ridge; Bone Spring, North (2205) oil well is on BLM surface and BLM oil and gas leases NMNM-128836 and NMNM-141530 that include Lots 1-4 of 31-22s-35e and Lots 4 & 5 of 6-23s-35e. Avant will dedicate these 236.99 acres to the first Bone Spring via a communitization agreement. BLM APD has been submitted and approval is pending.

The well will be nonstandard because the take points are 264' too far east. This will be towards the interior of the same BLM leases and Avant's leasehold. Closest standard spacing would place the take points at 990' FWL. The APD cover sheet is attached as Exhibit A.

II. Exhibit B, Form C-102, shows the wellbore and dedication.

III. Leases are shown on EXHIBIT C. The well encroaches to the east, toward the interior of Avant's leasehold. This information is current and correct.

IV. Exhibit D shows the proposed NSL well and existing Bone Spring dedications.

V. Archaeology is not an issue.

VI. The need is to recover additional reserves and prevent waste.

VII. Avant does not believe drilling a standard location would recover as many reserves.

VIII. Avant is the operator of the 240.09 acre dedication (E2W2 31-22s-35e and Lot 3 & SENW 6-23s-35e) toward which the well will encroach. Royalty interests are common.

I hereby attest that I, on or before the date that the application was submitted to the NMOCD, sent notification to the affected persons (see EXHIBIT E) by certified mail, return receipt requested, advising them that if they have an objection it must be filed in writing within 20 days from the date the NMOCD receives the application. These affected persons have working or royalty interests in the quarter-quarters toward which the well will encroach. Said notice was sent to:
