Re: Application of Franklin Mountain Energy LLC for administrative approval of unorthodox well location for its Carnival Fed Com 802H Well located in the W/2W/2 of Sections 2 and 11, Township 25 South, Range 35 East, NMPM, Lea County, New Mexico.

Dear Director Sandoval/OCD Engineering Bureau:

Pursuant to Division rules 19.15.16.15(C)(6) and 19.15.15.13 NMAC, Franklin Mountain Energy LLC ("Franklin") (OGRID 373910) seeks administrative approval of an unorthodox well location ("NSL") for its Carnival Fed Com 802H Well (API No. 30-025-49972) (the "Well"). The Well will be located in a 320-acre, more or less, spacing unit underlying the W/2W/2 of Sections 2 and 11, Township 25 South, Range 35 East, NMPM, Lea County, New Mexico, and will be in the WC-025 G-09 S253502D UPR WOLFCAMP pool (Pool ID: 98187). A C-102 for the Well is attached as Exhibit A.

The Well's completed interval will be closer than 330' from the outer boundary of the spacing unit, which requires an NSL approval. As shown on Exhibit A, this is a horizontal well that will be drilled as follows:

- Surface Hole Location: 250' from the North line and 1225' from the West line of Section 2;
- First Take Point: 623' from the North line and 1194' from the West line of Section 2;
- Last Take Point/Bottom Hole Location: 150' from the South line and 1165' from the West line of Section 11.

Modrall Sperling
Roehl Harris & Sisk P.A.

500 Fourth Street NW
Suite 1000
Albuquerque,
New Mexico 87102

PO Box 2168
Albuquerque,
New Mexico 87103-2168

Tel: 505.848.1800
www.modrall.com

Franklin has included as Exhibit B a letter explaining why this application is needed. Franklin also provides a map of the area, attached as Exhibit C, which shows the tracts upon which the unorthodox location will encroach.

As discussed above, the completed interval of the Well is closer than 330' from the boundary of the spacing unit. *See* Exhibit A (C-102). The unorthodox location will encroach towards the E/2W/2 of Sections 2 and 11 of Township 25 South, Range 35 East. Franklin has confirmed that the tracts adjoining the spacing unit by a corner are more the 330' away from the unorthodox locations requested.

Franklin is the operator of the E/2W/2 of Sections 2 and 11 of Township 25 South, Range 35 East. Pursuant to Rule 19.15.4.12(A)(2) and Rule 19.15.2.7(A)(3), Franklin is providing notice to the working interest owners in the E/2W/2 of Sections 2 and 11 of Township 25 South, Range 35 East. The working interest owners are:

- Chief Capital (O&G) II, LLC
- Warwick-Artemis, LLC

Franklin is also providing notice to the unleased mineral interest owners, which are shown in Exhibit D. Despite exercising reasonable diligence, Franklin was unable to find an address for Jane Sims Cranton and so is also publishing notice of this application. Franklin is also providing notice to the Bureau of Land Management and the New Mexico State Land Office. Proof of mailing, along with a copy of the notice letter sent to affected parties, is attached hereto as Exhibit D. We have also included the proposed newspaper publication and will provide the affidavit of publication upon receipt of the same.

Your attention to this matter is appreciated.

Sincerely,

Deana M. Bennett

Re: Non-Standard Location Application
Carnival Fed Com 802H
Carnival State Com 805H
Lea County, New Mexico

Dear Director Sandoval/OCD Engineering Bureau

Franklin Mountain Energy LLC ("FME"), OGRID Number 373910, respectfully requests administrative approval of non-standard location ("NSL") for the following wells (the "Wells"):

- Carnival Fed Com 802H; API No. 30-025-49972
- Carnival State Com 805H; API No. 30-025-49748

FME is submitting two separate non-standard location applications, one for each well. The Wells will be completed within the WC-025 G-09 S253502D; UPR WOLFCAMP Pool (Pool ID: 98187). FME is requesting non-standard location approval for the Wells because the completed interval of the Wells will be less than 330' from the outer boundary of the horizontal spacing unit. Allowing FME to complete the wells at this non-standard location is expected to result in the greatest recovery of reserves from all of the wells and will reduce waste.

Thank you for your consideration. Should you have any questions please contact me at mhinaman@fme LLC.com or 970-629-0668.

Sincerely,

Mark Hinaman
Reservoir Engineer
Franklin Mountain Energy LLC

This map illustrates the layout of the Carnival Fed Corn 802H well area. The well itself is represented by a vertical red line with a blue star at the top, labeled "Carnival Fed Corn 802H well". A "Spacing Unit" is indicated by a blue arrow pointing to the well. The "Surface Hole Location" is marked with a blue star at the top of the well, and the "Bottom Hole Location" is marked with a blue star at the bottom. The well is situated within a green hatched area labeled "Affected Offset Tract". Surrounding the well are several yellow rectangular areas, some labeled with numbers (34, 35, 36, 3, 10, 11, 12, 13, 14, 15). Other labels include "Tap Rock Resources" (in red boxes), "COG Operating" (in green boxes), and "Marathon" (in a blue box). The map is overlaid with a grid of white lines.

TO AFFECTED PARTIES

Re: Application of Franklin Mountain Energy LLC for administrative approval of unorthodox well location for its Carnival Fed Com 802H Well Lea County, New Mexico.

Dear Sir or Madam:

Enclosed is a copy of the above referenced application filed with the New Mexico Oil Conservation Division on this date. Any objections that you have to this application must be filed in writing with the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, within twenty (20) days from the date the Division receives the above referenced application. If no objection is received within this twenty-day period, the application may be approved administratively by the Division.

If you have any questions concerning this application, please contact:

Ilona Hoang

Re: Application of Franklin Mountain Energy LLC for administrative approval of unorthodox well location for its Carnival Fed Com 802H Well Lea County, New Mexico.

Dear Sir or Madam:

Enclosed is a copy of the above referenced application filed with the New Mexico Oil Conservation Division on this date. Any objections that you have to this application must be filed in writing with the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, within twenty (20) days from the date the Division receives the above referenced application. If no objection is received within this twenty-day period, the application may be approved administratively by the Division.

If you have any questions concerning this application, please contact:

Ilona Hoang

Re: Non-Standard Location Application
Carnival Fed Com 802H
Carnival State Com 805H
Lea County, New Mexico

Dear Director Sandoval/OCD Engineering Bureau

Franklin Mountain Energy LLC ("FME"), OGRID Number 373910, respectfully requests administrative approval of non-standard location ("NSL") for the following wells (the "Wells"):

- Carnival Fed Com 802H; API No. 30-025-49972
- Carnival State Com 805H; API No. 30-025-49748

FME is submitting two separate non-standard location applications, one for each well. The Wells will be completed within the WC-025 G-09 S253502D; UPR WOLFCAMP Pool (Pool ID: 98187). FME is requesting non-standard location approval for the Wells because the completed interval of the Wells will be less than 330' from the outer boundary of the horizontal spacing unit. Allowing FME to complete the wells at this non-standard location is expected to result in the greatest recovery of reserves from all of the wells and will reduce waste.

Thank you for your consideration. Should you have any questions please contact me at mhinaman@fme LLC.com or 970-629-0668.

Sincerely,

Mark Hinaman
Reservoir Engineer
Franklin Mountain Energy LLC
