Dear Mr. Lowe:

OXY USA Inc. requests administrative approval of a non-standard proration for the subject (2-well) Horizontal Spacing Unit of 479.91-acres. The HSU will include the Purple Sage Wolfcamp pool in section 1, 12 & 13, T24S, R30E. The spacing rules for the Purple Sage Wolfcamp pool is set at 160-acre blocks being the standard. This HSU does not use 160-acre building blocks and only includes tracts in the West ½ of the West ½ of sections 1, 12 and 13, T24S R30E. The tracts excluded by creating the NSP, are all 100% OXY owned/operated.

• The excluded tracts by forming this NSP: East ½ of the West ½ T24S R30E Sections 1, 12 & 13 – Units C, F, K, N, which are 100% working interest owned by OXY.

Approval of the NSP will allow for efficient spacing of horizontal wells in the wolfcamp formation and thereby prevent waste.

To support this request, the following information has been submitted for your review:

1. C-102 Plat for the proposed well.

Gestie T. Reeves

- 2. List of affected offset parties in each adjoining spacing unit in the same pool or formation located closer to the unorthodox well location than the minimum distance prescribed by applicable rule or order, copies of the signed certified return receipts will be furnished upon request. Or Signed 100% WI Owner statement, if applicable.
- 3. Statement from Oxy Development Area Engineer.

Sincerely,

Leslie Reeves
