The subject well will be receiving produced water from offset operators via pipeline. The classification would be a commercial salt water disposal. Thank you, if you have any additional questions, please contact me at any time.

Good Afternoon Richard

Please note the following with respect to the subject application:

1. I have been assigned to complete the review and processing of your application. You can direct all correspondence and questions directly to me.
2. There is no need to re-submit. Alternatively, please provide a letter requesting all correspondence be directed to you.

Have a good weekend, and please feel free to contact me if you have any questions.

Hi Richard

Million was working on this application and is included in this e-mail. I suggest following up with Million for the latest status on your application, and to discuss the way-forward.

Regards

Tony

Good Morning sir! I hope all is well.

I have question about the subject application that was submitted 11-29-2022. This application was

generated by Geolex, we no longer do business with this organization. Is there any problems delaying this application from being designated administratively complete? If so, I would like to correct or provide the OCD with the information needed. I also need to make sure any communication about this particular application is directed to me and not Geolex. Thank you for any help given on the subject application. Have a great day!
