**Re: Application of Tap Rock Operating, LLC's for Administrative Approval of
Unorthodox Well Location.**

WTG Fed Com #241H

Tap Rock Operating, LLC ("Tap Rock") (OGRID No. 372043) seeks administrative approval of an unorthodox well location for its **WTG Fed Com #241H Well** (API No. 30-015-48190) to be completed within the Purple Sage; Wolfcamp Pool (98220) in a standard 457.78-acre, more or less, standard spacing unit underlying the W/2 of Section 27 and the NW/4 of irregular Section 34, Township 26 South, Range 29 East, N.M.P.M., Eddy County, New Mexico. The proposed surface and bottom hole locations and first and last take points are as follows:

- Surface location: 381 feet from the north line and 543 feet from the west line (Unit D) of Section 27;
- Bottom hole location: 30 feet from the south line and 331 feet from the west line (Lot 9) of Section 34;
- First take point: 330 feet from the north line and 331 feet from the west line (Unit D) of Section 27;
- Last take point: 100 feet from the south line and 331 feet from the west line (Lot 9) of Section 34.

Pursuant to Division Order R-14262, this acreage is governed by the Special Rules for the Purple Sage; Wolfcamp (Gas) Pool which provide for wells in the Wolfcamp formation in Eddy County to be located no closer than 330 feet to the outer boundary of the spacing unit. The completed interval for the **WTG Fed Com #241H well** will be unorthodox because it is closer than 330 feet to the southern boundary of the spacing unit, thereby encroaching on the N/2 N/2 Sections 4 and 5, Block 57, Township 1 North (Loving County, Texas). Approval of the unorthodox completed interval will allow Tap Rock to use its preferred well spacing plan for horizontal wells in this area and thereby prevent waste.

Exhibit A is a Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **WTG Fed Com #241H well** encroaches on the spacing units to the south.

Exhibit B is a land plat for Sections 27 and 34 that shows the proposed **WTG Fed Com**

#241H well in relation to the adjoining spacing units to the south in the N/2 N/2 of Sections 4 and 5, Block 57, Township 1 North (Loving County, Texas).

Ownership is diverse between the subject spacing unit and the affected spacing unit to the south. **Exhibit C** includes the tracking information that reflects the “affected parties” were sent a copy of this application with all attachments by certified mail advising that any objections must be filed in writing with the Division within 20 days from the date the Division receives the application. The following are the affected parties:
