Subject:	IMPORTANT, NOTICE OF LOSS OF INJECTION AUTHORITY
Date:	Thursday, January 11, 2024 3:56:00 PM
Attachments:	Notice - Loss of Injection - Oasis Water Solutions LLC.pdf image001.png

Dear Operator,

# Please read this email as it contains important information regarding well(s) under the supervision of (Oasis Water Solutions LLC).

This email has been sent to inform you that the **injection authority** pertaining to one or more disposal well(s) has been lost. The failure to report disposal for longer than 12 consecutive months is defined as abandonment of injection authority and the well(s) must immediately be shut-in and disconnected from incoming source of disposal.

Attached to this email is a formal notice letter stating which wells are out of compliance and what the necessary steps are to regain injection authority.

OCD retains the authority to require an audit of submitted data; however, OCD will consider voluntary compliance with this request when reviewing any required supplemental filing or resulting compliance action. If you have any questions, please do not hesitate to contact Phillip Goetze, UIC Group Manager, at 505-660-8274 or phillip.goetze@emnrd.nm.gov.

Thank you,

Hailee Thompson | Petroleum Specialist

 FW: IMPORTANT, NOTICE OF LOSS OF INJECTION AUTHORITY

 Date:
 Friday, January 19, 2024 2:45:52 PM

From: Microsoft Outlook <MicrosoftExchange329e71ec88ae4615bbc36ab6ce41109e@state.nm.us> Sent: Thursday, January 11, 2024 3:57 PM To: Thompson, Hailee, EMNRD Subject: Undeliverable: IMPORTANT, NOTICE OF LOSS OF INJECTION AUTHORITY

Your message to jimmiecooper@valornet.com couldn't be delivered.

#### jimmiecooper wasn't found at valornet.com.

Hailee.Thompson Action Required	Office 365	<b>jimmiecooper</b> Recipient
Linknown To address		

Unknown To address

#### How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose Send Again from the Report ribbon. In Outlook on the web, select this NDR, then select the link "To send this message again, click here." Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click Send.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.1 in Office 365, and then send the message again. Retype the entire recipient address before selecting Send.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? Send feedback to Microsoft.

#### More Info for Email Admins

Status code: 550 5.1.1

This error occurs because the sender sent a message to an email address outside of Office 365, but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

here

For more information and additional tips to fix this issue, see Eix email delivery issues for error code 550 5.1.1 in Office 365.

## UNDERGROUND INJECTION CONTROL PROGRAM FORMAL NOTICE OF LOSS OF INJECTION AUTHORITY

Dear Operator,

This letter is to provide formal notice that the authority to inject into the well(s) identified in Attachment A has terminated pursuant to 19.15.26.12(C)(1) New Mexico Administrative Code ("NMAC"). This citation of the NMAC states as follows:

## Abandonment of injection operations:

Whenever there is a continuous one-year period of non-injection into all wells in an injection or storage project or into a produced water disposal well or special purpose injection well, the division shall consider the project or well abandoned, and the authority for injection shall automatically terminate ipso facto.

Injection of any fluid into any of the identified wells is prohibited until a new injection permit is approved by the Director. Additionally, the operator of the identified wells must immediately ensure the well is shut-in and disconnected from incoming sources of disposal.

Failure to report disposal volumes to the Oil Conservation Division ("OCD") is considered as "non-injection" for purposes of triggering automatic termination of the authority to use the well for disposal. Pursuant to 19.15.7.24 NMAC, disposal volumes must be reported on or before the 15th day of the second month following the month of disposal on Form C-115 (Monthly Production Reports). In addition to the loss of injection authority, the failure to report is, in its own right, a violation that may be punishable under 19.15.5.10 (D) NMAC by assessing a civil penalty of no more than two thousand and five hundred dollars (\$2500) per day of noncompliance for each violation.

1220 South St. Francis Drive • Santa Fe, New Mexico 87505 Phone (505) 476-3460 • Fax (505) 476-3462 • www.emnrd.state.nm.us/ocd Oasis Water Solutions LLC Formal Notice of Loss of Injection Authority

If you plan to continue the use of the well for disposal, you must apply for a new Underground Injection Control ("UIC") permit pursuant to 19.15.16.8 NMAC using Form C-108 and completing the requirements specified in the form. The approval of a UIC permit may be either through the administrative review process or through hearing. Submission of an administratively complete Form C-108 does not guarantee the OCD will approve a new UIC permit for the well.

The well(s) shall be shut in and must not be used for disposal purposes until the following have been approved and all conditions of approval completed. The well(s) must have the following prior to reopening:

- An Approved UIC permit
- A new passing Mechanical Integrity Test (MIT).
- The OCD has approved a new form C-105 for well(s).
- All conditions of approval in the UIC permit have been completed.

Please also be aware that pursuant to 19.15.25.8 NMAC or any applicable Agreed Compliance Order, there is a limited time in which a well(s) must be returned to service or abandoned through either proper temporary abandonment or plugging. For these deadlines, please refer to said rule or agreement.

If you have any question regarding the procedure to obtain a new disposal permit for this well, please contact the Engineering Bureau at <u>OCD.engineer@emnrd.nm.gov</u>. If you have questions as to C-115 reporting, inactive well status, or other compliance issues, contact the OCD Admin and Compliance Bureau at <u>OCD.AdminComp@emnrd.nm.gov</u>.

Sincerely,

Brandon Danoll

Brandon Powell Deputy Director
