Million,

Would you be able to provide an estimate for when Southwest Royalties protest withdrawals could be expected to be posted to the online Administrative/Environmental Order pages for the respective SWD applications? The protest withdrawal email from Southwest Royalties to Phil is included below, for reference. However, we've provided a shortened list of three (3) SWD applications that are still active (admin or hearing process) and are known to have been protested by Southwestern Royalties, as these would be of the most interest to us in terms of having updated records.

Any insights you could provide on when we could expect the protest withdrawals to be posted would be greatly appreciated so we can confirm the status with Pilot's team.

Thank You!

Subject: FW: Protest to Ace Energy Advisors/Pilot Water Solutions SWD LLC Injection Well Permits

Million,

As seen in the email string below, Southwest Royalties sent an email to Phil wherein Southwest Royalties was withdrawing their protests from Pilot Water Solution's SWD applications in Lea County, NM.

I wanted to follow up and see if the email to Phil would suffice or if they needed to send that email to the OCD Engineering Group's email address. I don't have direct communication with Southwest Royalties, so I'm hoping the email to Phil can make it to the right place; however, I wanted to follow up and make sure these withdrawals were properly recorded so we could change the status of those applications in our records accordingly.

Please let me know if there's anything else we need to do to get the protest withdrawals documented in OCD's records.

Thank You!
