Dear Mr. Lowe:

Pursuant to Division Rule 19.15.16.15(B)(5), Mewbourne Oil Company ("Mewbourne") respectfully requests administrative approval of a non-standard proration unit for its proposed OVERLORD 33-32 FED COM #711H (W0CD), OVERLORD 33-32 FED COM #713H (W0FE), OVERLORD 33-32 FED COM #715H (W0KL), and OVERLORD 33-32 FED COM #718H (W0NM) wells listed above. These wells will be drilled as horizontal oil wells in the Alacran Hills Upper Wolfcamp Oil pool (98314).

The OVERLORD 33-32 FED COM #711H (W0CD), OVERLORD 33-32 FED COM #713H (W0FE), OVERLORD 33-32 FED COM #715H (W0KL), and OVERLORD 33-32 FED COM #718H (W0NM) wells will be dedicated to a 960.00-acre proration unit comprising all of Section 32 and the W/2 of Section 33, T-20-S, R-28-E, Eddy County, New Mexico. There are currently no other existing Wolfcamp oil wells producing from within the proposed spacing unit.

The affected offset acreage comprises all of Sections 28, 29, 30, 31, the W2 of Section 27, and the W2 of Section 34 all located in T20S-R28E in addition to all of Sections 4, 5, 6, and the W2 of Section 3 all located in T21S-R27E (See attached map). Consequently, notice of this application is being provided to all parties listed on the attached list of affected parties.

Mewbourne is seeking approval of this NSP to eliminate the need for separate production facilities and additional administrative approvals in addition to giving us flexibility in locating our laterals and drilling infills in other horizons. These reasons will provide for reducing waste and our surface imprint while protecting correlative rights within the referenced horizontal spacing unit. This NSP will also potentially reduce emissions by consolidating the tank battery.

Mewbourne applied for federal permits to drill these wells back in August of 2022. The permits are still pending approval by the New Mexico Bureau of Land Management, and we expect them to be approved soon. We still respectfully request the NMOCD to still approve this NSP even though we don't yet have API numbers issued to us since the APDs are still pending approval from the BLM.

Notice by certified mail, return receipt requested, has been given to the affected parties listed in the notification list attached.

Thank you for your consideration of this application. Should you have any questions regarding the above, please email me at bdunn@mewbourne.com or call me at (432) 682-3715.

Sincerely,

MEWBOURNE OIL COMPANY

To Whom It May Concern:

Enclosed is a copy of Mewbourne Oil Company's (MOC) Application for Non-Standard Proration Unit for the OVERLORD 33-32 FED COM #711H (W0CD), OVERLORD 33-32 FED COM #713H (W0FE), OVERLORD 33-32 FED COM #715H (W0KL), and OVERLORD 33-32 FED COM #718H (W0NM) wells covering Section 32 & the W2 of Section 33, T-20-S, R-28-E, Eddy County, New Mexico. You are being sent a copy of this Application per OCD's requirements to notify the interest owners in the affected offset acreage. If you have any objection to this Application, notification should be given within 20 days of the date of this letter. The Application has been filed with the OCD as of this date.

Mewbourne is seeking approval of this NSP to eliminate the need for separate production facilities and additional administrative approvals in addition to giving us flexibility in locating our laterals and drilling infills in other horizons. These reasons will provide for reducing waste and our surface imprint while protecting correlative rights within the referenced horizontal spacing unit. This NSP will also potentially reduce emissions by consolidating the tank battery.

If you have any questions regarding this application, please contact me via telephone at 432-682-3715 or via email at bdunn@mewbourne.com.

Sincerely,

MEWBOURNE OIL COMPANY
