Queen 23 24 Federal Com Well No. 525H [API No. 30-015-PENDING]

Queen 23 24 Federal Com Well No. 528H [API No. 30-015-PENDING]

Queen 23 24 Federal Com Well No. 556H [API No. 30-015-PENDING]

Queen 23 24 Federal Com Well No. 558H [API No. 30-015-PENDING]

**HSU: S/2 Section 23 & S/2 Section 22, T24S R26E, Eddy County**

Reference is made to your application received on July 16<sup>th</sup>, 2025.

You have requested approval of a non-standard horizontal spacing unit to be included in your proposed horizontal spacing unit, as follows:

**Proposed Increased Horizontal Spacing Unit:**

<b>Description</b>	<b>Acres</b>	<b>Pool</b>	<b>Pool Code</b>
SE/4 Section 23	480	Willow Lake; Bone Spring	64450
S/2 Section 24			

NSP - 2323  
Mewbourne Oil Company  
Page 2 of 2

You have requested an exception pursuant to Rule 19.15.16.15(A)(3) NMAC, to approve a non-standard horizontal spacing unit consisting of the entire area described above as the horizontal spacing unit. The proposed horizontal spacing unit does not consist of a quarter - quarter section or equivalent in both sections, as required by Rule 19.15.16.15(B)(1) NMAC.

We understand that you are seeking this exception for an allowance to create a non-standard horizontal spacing unit, comprised of the Proposed Horizontal Spacing Unit referenced above within Eddy County, New Mexico.

The Division understands you have given notice of this application to all operators or owners who are "affected persons," as defined in Paragraph (8) Subsection A of 19.15.2.7 NMAC, in all adjoining units which are to be included.

You have requested this non-standard horizontal spacing unit to eliminate the need for separate production facilities, additional administrative approvals, for the flexibility of drilling lateral wells, reducing waste and surface imprint all while protecting the correlative rights within the Bone Spring formation. All while preventing waste underlying the S/2 of Section 24 and the SE/4 of Section 23 within the referenced Horizontal Spacing Unit.

Pursuant to the authority conferred by Division Rule 19.15.16.15(B)(5) NMAC, the above-described **non-standard horizontal spacing unit is hereby approved**. Further, the Applicant may add additional wells to the non-standard spacing unit, the well(s) must be in the same horizontal spacing unit and pool/formation. The new well's APD shall reference this NSP order number on Form C-102 with an adjacent letter stating this request.

### **General Provisions**

The above approvals are subject to your being in compliance with all other applicable Division rules, including, but not limited to Division Rule 19.15.5.9 NMAC.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

**Albert Chang**  
Division Director  
AC/lrl

Township 24 South, Range 28 East, Eddy County, New Mexico

Dear Mr. Lowe:

Pursuant to Division Rule 19.15.16.15(B)(5), Mewbourne Oil Company ("Mewbourne") respectfully requests administrative approval of a non-standard proration unit for its proposed QUEEN 23/24 FED COM 406H, QUEEN 23/24 FED COM 458H, QUEEN 23/24 FED COM 525H, QUEEN 23/24 FED COM 528H, QUEEN 23/24 FED COM 556H, and QUEEN 23/24 FED COM 558H wells listed above. These wells will be drilled as horizontal oil wells in the Willow Lake; Bone Spring pool (Code No. 64450).

The QUEEN 23/24 FED COM 406H, QUEEN 23/24 FED COM 458H, QUEEN 23/24 FED COM 525H, QUEEN 23/24 FED COM 528H, QUEEN 23/24 FED COM 556H, and QUEEN 23/24 FED COM 558H wells will be dedicated to a 480.00-acre proration unit comprising the SE/4 of Section 23 and the S/2 of Section 24, Township 24 South, Range 28 East, Eddy County, New Mexico. There are currently no other existing Bone Spring wells producing from within the proposed spacing unit.

The affected offset acreage comprises the W/2 & NE/4 of Section 23, the N/2 of Section 25, the N/2 of Section 26, and N/2 of Section 24 all located in Township 24 South, Range 28E, and the NW/4 of Section 30 and the W/2 of Section 19 both located in Township 24 South, Range 29 East (See attached map). Consequently, notice of this application is being provided to all parties listed on the attached list of affected parties.

Mewbourne is seeking approval of this NSP to eliminate the need for separate production facilities and additional administrative approvals while also providing us flexibility in locating our laterals and drilling infills in other horizons. These reasons will provide for reducing waste and our surface imprint while protecting correlative rights within the referenced horizontal spacing unit. This NSP will also possibly reduce emissions by consolidating the tank battery.

Notice by certified mail, return receipt requested, has been given to the affected parties listed in the notification list attached.

Thank you for your consideration of this application. Should you have any questions regarding the above, please email me at [bdunn@mewbourne.com](mailto:bdunn@mewbourne.com) or call me at (432) 682-3715.

Sincerely,

**MEWBOURNE OIL COMPANY**

Brad Dunn  
Landman

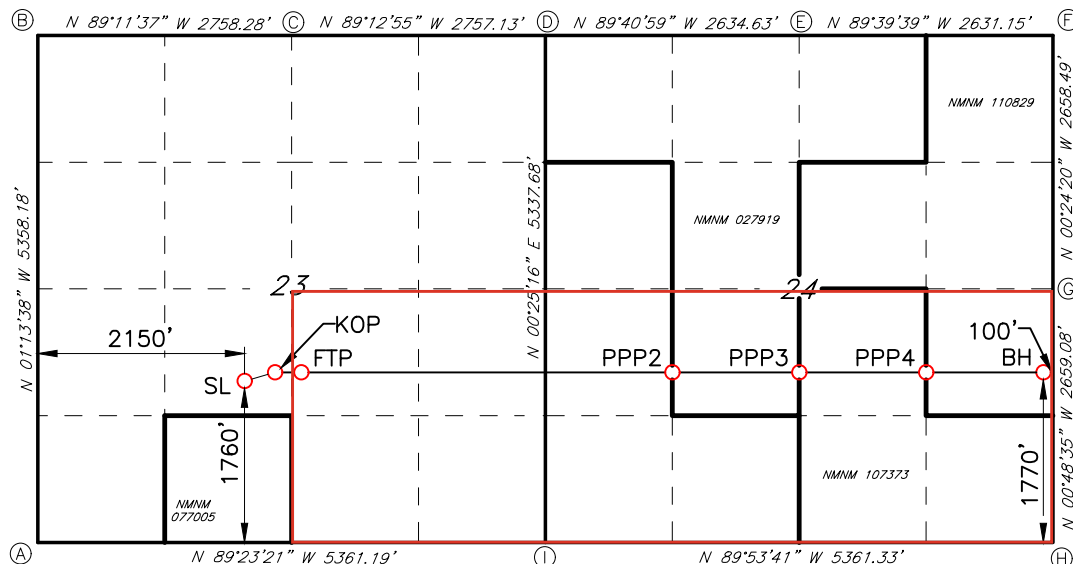

## ACREAGE DEDICATION PLATS

This grid represents a standard section. You may superimpose a non-standard section, or larger area, over this grid. Operators must outline the dedicated acreage in a red box, clearly show the well surface location and bottom hole location, if it is a directionally drilled, with the dimensions from the section lines in the cardinal directions. If this is a horizontal wellbore show on this plat the location of the First Take Point and Last Take Point, and the point within the Completed interval (other than the First Take Point or Last Take Point) that is closest to any outer boundary of the tract.

Surveyors shall use the latest United States government survey or dependent resurvey. Well locations will be in reference to the New Mexico Principal Meridian. If the land is not surveyed, contact the OCD Engineering Bureau. Independent subdivision surveys will not be acceptable.

Note: No allowable will be assigned to this completion until all interests have been consolidated or a non-standard unit has been approved by the division.

## ACREAGE DEDICATION PLATS

This grid represents a standard section. You may superimpose a non-standard section, or larger area, over this grid. Operators must outline the dedicated acreage in a red box, clearly show the well surface location and bottom hole location, if it is a directionally drilled, with the dimensions from the section lines in the cardinal directions. If this is a horizontal wellbore show on this plat the location of the First Take Point and Last Take Point, and the point within the Completed interval (other than the First Take Point or Last Take Point) that is closest to any outer boundary of the tract.

Surveyors shall use the latest United States government survey or dependent resurvey. Well locations will be in reference to the New Mexico Principal Meridian. If the land is not surveyed, contact the OCD Engineering Bureau. Independent subdivision surveys will not be acceptable.

Surface Location: 1640' FSL & 2150' FWL, Section 23  
Proposed first take point: 330' FSL & 2540' FEL, Section 23 (Unit O)  
Bottomhole Location: 330' FSL & 100' FEL, Section 24  
Proposed last take point: 330' FSL & 100' FEL, Section 24 (Unit P)  
Township 24 South, Range 28 East, Eddy County, New Mexico

To Whom It May Concern:

Enclosed is a copy of Mewbourne Oil Company's (MOC) Application for Non-Standard Proration Unit for the QUEEN 23/24 FED COM 406H, QUEEN 23/24 FED COM 458H, QUEEN 23/24 FED COM 525H, QUEEN 23/24 FED COM 528H, QUEEN 23/24 FED COM 556H, and QUEEN 23/24 FED COM 558H wells covering SE/4 of Section 23 and the S/2 of Section 24, Township 24 South, Range 28 East, Eddy County, New Mexico. These wells will be drilled as horizontal oil wells in the Willow Lake; Bone Spring pool (Code No. 64450).

You are being sent a copy of this Application per OCD's requirements to notify the interest owners in the affected offset acreage. If you have any objection to this Application, notification should be given to the OCD within 20 days of the date of this letter. The Application has been filed with the OCD as of this date.

Mewbourne is seeking approval of this NSP to eliminate the need for separate production facilities and additional administrative approvals while also providing us flexibility in locating our laterals and drilling infills in other horizons. These reasons will provide for reducing waste and our surface imprint while protecting correlative rights within the referenced horizontal spacing unit. This NSP will also possibly reduce emissions by consolidating the tank battery.

If you have any questions regarding this application, please contact me via telephone at 432-682-3715 or via email at [bdunn@mewbourne.com](mailto:bdunn@mewbourne.com).

Sincerely,

**MEWBOURNE OIL COMPANY**

A handwritten signature in blue ink, appearing to read "Brad Dunn", is positioned above the printed name.
