RE: Form C-108 Applications for the Lucas SWD No. 1, Lucas SWD No. 2, and Lucas SWD No. 3.

UIC Permit SWD-2058 approved February 8, 2021.

Good afternoon, Mr. Jameson. Per your request, the C-108 applications identified as the Lucas wells will be cancelled and no further action is required. In regard to the Bounds SWD No. 1, the Director approved the UIC permit (administrative order SWD-2058) on February 8, 2021, and had an effective period of one year to commence injection or request an extension for maintaining the injection authority. However, SWD-2058 expired automatically on February 8, 2022, without either the completed well commencing injection of produced water or a written request for an extension being submitted to the OCD as stipulated in permit. Thank you for providing the information regarding these applications. PRG

Mr. Goetze,

Good morning. I am resending this email because I had Mr. Goetze email wrong with the original email. As Owner Member-Manager of LilyStream Water Solutions, LLC I am respectfully requesting the official withdrawal of three C-108 (Authorizations to Inject) previously filed with the NMOCD by Lowry Environmental in 2019 on behalf of LilyStream. Furthermore, although previously approved by your department and expired, I would like to request official withdrawal of any outstanding activity associated with the Bounds SWD #1 described below.

I am requesting confirmation that this email has been received and the four below identified

well applications for injection have been withdrawn and from your records.

- saltwater disposal Permit Application No.pMAM1911539841: Lucas SWD #1, 250' FNL & 2,390' FEL, UL B, Sec. 10, T25S, R25E
