Administrative Order NSP – 2410

ADMINISTRATIVE NON-STANDARD HORIZONTAL SPACING UNIT

Coterra Energy Operating Co. [OGRID 215099]

Hallertau 4 Federal Well No. 3H (API No. 30-025-40474)

Hallertau 4 Federal Well No. 5H (API No. 30-025-41062)

Hallertau 4 Federal Well No. 7H (API No. 30-025-40476)

Hallertau 4 Federal Well No. 8H (API No. 30-025-40477)

HSU: Section 04, T26S R32E, Lea County

Reference is made to your application received on May 1st, 2026.

You have requested approval of a non-standard horizontal spacing unit to be included in your proposed horizontal spacing unit, as follows:

Proposed Increased Horizontal Spacing Unit:

Description	Acres	Pool	Pool Code
Section 04	640	Wildcat; LWR Bone Spring	97903

You have requested an exception pursuant to Rule 19.15.16.15(A)(3) NMAC, to approve a non-standard horizontal spacing unit consisting of the entire area described above as the horizontal spacing unit. The proposed horizontal spacing unit does not consist of a quarter - quarter section or equivalent in both sections, as required by Rule 19.15.16.15(B)(1) NMAC.

NSP – 2410
Coterra Energy Operating Co.
Page 2 of 2

We understand that you are seeking this exception for an allowance to create a non-standard horizontal spacing unit, comprised of the Proposed Horizontal Spacing Unit referenced above within Lea County, New Mexico.

The Division understands you have given notice of this application to all operators or owners who are "affected persons," as defined in Paragraph (8) Subsection A of 19.15.2.7 NMAC, in all adjoining units which are to be being included.

You have requested this non-standard horizontal spacing unit to efficiently development acreage, to minimize surface disturbance and to commingle production from wells within the Bone Spring formation underlying Section 04. Thus preventing waste within the unit and protecting the correlative rights of all parties affected.

Pursuant to the authority conferred by Division Rule 19.15.16.15(B)(5) NMAC, the above-described **non-standard horizontal spacing unit is hereby approved**. Further, the Applicant may add additional wells to the non-standard spacing unit, the well(s) must be in the same horizontal spacing unit and pool/formation. The new well's APD shall reference this NSP order number on Form C-102 with an adjacent letter stating this request.

General Provisions

The above approvals are subject to your being in compliance with all other applicable Division rules, including, but not limited to Division Rule 19.15.5.9 NMAC.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

Albert C.S. Chang
Division Director
AC/lrl

Re: Application of Coterra Energy Operating Co. for administrative approval of a non-standard spacing unit in the Bone Spring formation comprised of Section 4, Township 26 South, Range 32 East, Lea County, New Mexico.

Dear Director Chang /OCD Engineering Bureau:

Coterra Energy Operating Co. ("Coterra"), OGRID number 215099, respectfully requests administrative approval of a non-standard unit ("NSU") in the Bone Spring formation comprised of Section 4, Township 26 South, Range 2 East, Lea County, New Mexico.

This application covers the WC-025 G-08 S253235G; LWR Bone Spring pool (Code 97903).

Coterra requests that the following existing¹ wells be included in the NSU approved order:

<u>Well Name</u>	<u>API Number</u>
Hallertau 4 Federal 3H	30-025-40474
Hallertau 4 Federal 5H	30-025-41062
Hallertau 4 Federal 7H	30-025-40476
Hallertau 4 Federal 8H	30-025-40477

C-102s for the wells (the "Wells") are attached hereto as **Exhibit A**. The Wells will comply with the statewide setback requirements for the non-standard spacing unit.

Coterra is requesting this NSU for several reasons. First, approval of the NSU will allow for full and efficient development of this acreage and will minimize surface disturbance by allowing Coterra to consolidate facilities and commingle production from wells in the proposed

¹ The existing wells are currently dedicated to 160-acre horizontal spacing units. Coterra's goal is to create a single approximately 640-acre horizontal spacing unit.

Page 2

NSU. Second, Coterra is requesting approval of this NSU to promote effective well spacing by removing the setback requirements from the center line and the quarter-quarter lines to allow for more efficient spacing.

A tract map is attached hereto as **Exhibit B**, which identifies the approximate Well locations. Exhibit B includes attachments that compare and contrast the standard versus non-standard unit scenario.

Exhibit C is a letter from Coterra's reservoir engineer explaining the need for a non-standard unit and the benefits associated with a non-standard, as opposed to a standard, unit.

Proof of mailing notice of the application (including a copy of the application) to affected persons entitled to notice is attached hereto as **Exhibit D**. Also included in Exhibit D is a map identifying the affected tracts and ownership for notice purposes. **Exhibit E** is a letter from Coterra's landman confirming Coterra owns 100% of the working interest in the E/2E/2 of Section 5, Township 26 South, Range 32 East, which is one of the tracts upon which the NSU will encroach.

Your attention to this matter is appreciated.

Sincerely,

Deana M. Bennett

RE: Application of Coterra Energy Operating Co. for administrative approval of a non-standard spacing unit in the Bone Spring formation comprised of Section 4, Township 26 South, Range 32 East, Lea County, New Mexico.

Dear Director Chang/OCD Engineering Bureau:

Coterra Energy Operating Co., a subsidiary of Coterra Energy Inc., OGRID Number 215099 ("Coterra"), respectfully requests administrative approval of a 640-acre, more or less, nonstandard spacing unit ("NSU") comprised of Section 4, Township 26 South, Range 32 East, Lea County, New Mexico.

Coterra requests that the following existing wells be included in the NSU approved order:

<u>Well Name</u>	<u>API Number</u>
Hallertau 4 Federal 3H	30-025-40474
Hallertau 4 Federal 5H	30-025-41062
Hallertau 4 Federal 7H	30-025-40476
Hallertau 4 Federal 8H	30-025-40477

The Wells target the Bone Spring formation and the pool underlying the proposed non-standard spacing unit is the WC-025 G-08 S253235G; LWR Bone Spring pool (Code 97903), which follows the statewide spacing rules.

Each existing well is currently dedicated to a 160-acre horizontal spacing unit. Coterra's goal is to create a single approximately 640-acre, more or less, spacing unit covering all of Section 4.

Approval of Coterra's application promotes effective well spacing because it will allow for full development of the acreage, promote efficiently located surface facilities, reduce surface disturbance, consolidate roads, tanks and pipelines, and promote effective well spacing, and will allow Coterra to commingle production.

In my opinion, approval of the NSU is in the best interest of conservation, prevention of waste, and protection of correlative rights.

Thank you for your consideration. Should you have any questions please contact me at evan.gutherman@coterra.com or (484) 985-5404.

Sincerely,

A handwritten signature in blue ink, appearing to read "Evan Gutherman", with a stylized flourish at the end.

TO AFFECTED PARTIES

Re: Applications of Coterra Energy Operating Co. for administrative approval of a non-standard spacing unit in the Bone Spring formation comprised of Section 4, Township 26 South, Range 32 East, Lea County, New Mexico.

Dear Sir or Madam:

Enclosed is a copy of the above referenced applications filed with the New Mexico Conservation Division on this date. Any objections that you have to this application must be filed in writing with the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, within twenty (20) days from the date the Division receives the above-referenced applications. If no objection is received within this twenty-day period, the applications may be approved administratively by the Division.

Sincerely,

A handwritten signature in cursive script that reads 'Deana M. Bennett'.

Re: Application of Coterra Energy Operating Co. for administrative approval of a non-standard spacing unit in the Bone Spring formation comprised of Section 4, Township 26 South, Range 32 East, Lea County, New Mexico.

Dear OCD Engineering Bureau:

I am a landman for Coterra Energy Operating Co. ("Coterra"). Coterra has requested administrative approval of a 640-acre, more or less, nonstandard spacing unit ("NSU") comprised of Section 4, Township 26 South, Range 32 East, Lea County, New Mexico. As noted in the NSU application materials, the NSU will encroach, in part, towards the E/2E/2 of Section 5, Township 26 South, Range 32 East.

As a landman for Coterra, I have knowledge of the ownership of the E/2E/2 of Section 5, Township 26 South, Range 32 East. I confirm that Coterra is the operator and owns 100% of the working interest in the E/2E/2 of Section 5, Township 26 South, Range 32 East.

Thank you for your consideration.

Sincerely,

Land Representative
