RE: Administrative Order WFX-1040- Sixth Extension of Deadline to Commence Injection

West Eumont Secondary Recovery Project approved by Division Order No. R-14616

Order Date: February 5, 2020

First Extension: February 5, 2022

Second Extension: February 5, 2023

Third Extension: February 5, 2024

Fourth Extension: February 5, 2025

Fifth Extension: February 5, 2026

Greetings Ms. LaMarro,

The Oil Conservation Division ("OCD") has reviewed your January 9, 2026, request to extend the deadline in the referenced order to commence injection into the following wells.

	Well Name	Unit Letter	Section	Township	Range
1	West Eumont Unit Well No. 126	L	01	21S	35E
2	West Eumont Unit Well No. 127	F	01	21S	35E
3	West Eumont Unit Well No. 135	C	12	21S	35E
4	West Eumont Unit Well No. 136	E	12	21S	35E
5	West Eumont Unit Well No. 228	I	02	21S	35E

The following four wells do not require an extension because they have been drilled and commenced injection.

	API Number	Well Name	Unit Letter	Section	Township	Range
6	30-025-50030	West Eumont Unit Well No. 114	M	01	21S	35E
7	30-025-50031	West Eumont Unit Well No. 115	M	01	21S	35E
8	30-025-50032	West Eumont Unit Well No. 116	M	01	21S	35E
9	30-025-50033	West Eumont Unit Well No. 117	M	01	21S	35E

Administrative Order WFX-1040
Sixth Extension of Deadline to Commence Injection
Forty Acres Energy, LLC
Page 2

The WFX order approved the injection of water into the Eumont; Yates-7Rvrs-Queen Pool (Pool Code 22800 (oil) and 76480 (gas)) for the listed nine wells located in Sections 1, 2 and 12 in Township 21 South, Range 35 East, NMPM, Lea County:

The request, which was received prior to the deadline, states the reasons for granting an extension, that no additional wells penetrating the approved injection interval have been drilled within the Area of Review ("AOR") since the referenced order was granted, and that no new Affected persons have been identified within the half-mile AOR. Therefore, the extension request could be reviewed administratively for approval.

The OCD finds that for reasons you have stated, the granting of this request to extend the deadline is in the interest of conservation, will prevent waste, and will protect the environment. Therefore, the deadline to commence injection for the existing order is **hereby extended until February 5, 2027**. An additional request to extend the deadline to inject will be contingent upon the wells being spudded and the OCD being provided plans to complete the wells within the following year. Additionally, a subsequent extension request will not be granted for this order to an operator other than Forty Acres Energy, LLC.

All requirements of the above referenced hearing order and agreements in the application remain in full force and effect. Any further extension of the deadline to commence injection shall be considered but must be submitted in writing prior to the new extended deadline.

ALBERT C.S. CHANG
DIVISION DIRECTOR
