Subject: [EXTERNAL] Blackbuck - Republic SWD #1 - Updated C-108 Water Well Sampling Info

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Tony,

Attached is updated water well sampling information associated with Blackbuck's C-108 for the Republic SWD #1 (pEG2528352412; SWD-2678) based on our continued water well owner contact efforts.

OSE data indicated that only one (1) water well record was within the 1-mile sampling radius. Discussions with the owner of the water well confirmed that this water well is no longer in use; therefore, no water well sample analyses are required for this C-108 application. The water well map and updated water well table (updated information in blue text) are attached for your review and inclusion in the record.

Please let us know if you have any questions or need further information on the water sampling or C-108 itself.

Thank You!
