Geologic Affirmation Statement for WFX-1078

Based on the available geologic and engineering data, it has been determined that there is no evidence of open faults or any other hydrologic connection between the injection zone and shallow fresh water sources.

Subject: Requesting Additional Information for WFX-1078, C-108 Application (Action ID: 509613) - West Eumont Unit Secondary Recovery Waterflood Project

Good Afternoon Ms. LaMarro,

While processing the C-108 application, a signed Affirmation Statement was not included in the application. Please provide a signed Affirmation Statement on open faults or any hydrologic connection between the disposal zone and any underground sources of drinking water.

Please feel free to reach out to us if you have any questions.

Thank you,
