Subject: Requesting Additional Information for WFX-1076, C-108 Application (Action ID: 585640) - Blackbeard South Waterflood Project

Good Morning Ms. LaMarro,

I noticed that a signed Affirmation Statement was not included in the application, WFX-1076 (Action ID: 585640) – Blackbeard South Waterflood Project. Please provide a signed Affirmation Statement addressing any open faults or any hydrologic connection between the disposal zone and underground sources of drinking water.

XII. Applicants for disposal wells must make an affirmative statement that they have examined available geologic and engineering data and find no evidence of open faults or any other hydrologic connection between the disposal zone and any underground sources of drinking water.

Please feel free to reach out to us if you have any questions.

Thank you,

Delilah Dougi | Petroleum Specialist

Geologic Affirmation Statement for WFX-1076 (Action ID: 585640) — Blackbeard South Waterflood Project

Based on the available geologic and engineering data, it has been determined that there is no evidence of open faults or any other hydrologic connection between the injection zone and shallow fresh water sources.

Jessica LaMarro

A handwritten signature in black ink, appearing to read 'Jessica LaMarro', written in a cursive style.
