Administrative Order NSP – 2435

ADMINISTRATIVE NON-STANDARD HORIZONTAL SPACING UNIT

EOG Resources, Inc. [OGRID 7377]

Ganymede 24 Federal Com Well No. 106H (API No. 30-025-56285)
Ganymede 24 Federal Com Well No. 107H (API No. 30-025-56288)
Ganymede 24 Federal Com Well No. 206H (API No. 30-025-56286)
Ganymede 24 Federal Com Well No. 207H (API No. 30-025-56287)

HSU: Section 24, T24S R33E, Lea County

Reference is made to your application received on July 2nd, 2026.

You have requested approval of a non-standard horizontal spacing unit to be included in your proposed horizontal spacing unit, as follows:

Proposed Increased Horizontal Spacing Unit:

Description	Acres	Pool	Pool Code
Section 24	640	Red Hills; Bone Spring, North	96434

You have requested an exception pursuant to Rule 19.15.16.15(A)(3) NMAC, to approve a non-standard horizontal spacing unit consisting of the entire area described above as the horizontal spacing unit. The proposed horizontal spacing unit does not consist of a quarter - quarter section or equivalent in both sections, as required by Rule 19.15.16.15(B)(1) NMAC.

NSP - 2435
EOG Resources, Inc.
Page 2 of 2

We understand that you are seeking this exception for an allowance to create a non-standard horizontal spacing unit, comprised of the Proposed Horizontal Spacing Unit referenced above within Lea County, New Mexico.

The Division understands you have given notice of this application to all operators or owners who are "affected persons," as defined in Paragraph (8) Subsection A of 19.15.2.7 NMAC, in all adjoining units which are to be being included.

You have requested this non-standard horizontal spacing unit in order to implement effective well spacing within the Bone Spring formation underlying the entirety of Section 24, all while preventing waste and protecting correlative rights within the unit and affected tracts.

Pursuant to the authority conferred by Division Rule 19.15.16.15(B)(5) NMAC, the above-described **non-standard horizontal spacing unit is hereby approved**. Further, the Applicant may add additional wells to the non-standard spacing unit, the well(s) must be in the same horizontal spacing unit and pool/formation. The new well's APD shall reference this NSP order number on Form C-102 with an adjacent letter stating this request.

General Provisions

The above approvals are subject to your being in compliance with all other applicable Division rules, including, but not limited to Division Rule 19.15.5.9 NMAC.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

Albert C.S. Chang
Division Director

Re: Application of EOG Resources, Inc. for administrative approval of a nonstandard spacing unit in the Bone Spring formation comprised of Section 24, Township 24 South, Range 33 East, Lea County, New Mexico.

Dear Director Chang /OCD Engineering Bureau:

EOG Resources, Inc., OGRID 7377 ("EOG"), OGRID number 7377, respectfully requests administrative approval of a non-standard unit ("NSU") in the Bone Spring formation comprised of Section 24, Township 24 South, Range 33 East, Lea County, New Mexico.

EOG requests that the following wells (the "Wells") be dedicated to this NSU:

<u>Well Name</u>	<u>API Number</u>
Ganymede 24 Fed Com #106H	30-025-56285
Ganymede 24 Fed Com #107H	30-025-56288
Ganymede 24 Fed Com #206H	30-025-56286
Ganymede 24 Fed Com #207H	30-025-56287

For your information, the names of the Wells are in the process of being sundried with the BLM. I have provided a list below showing the current well names/API Numbers and the correlation with the new well names:

- FKA: Ganymede 24 Fed Com 101H (API 30-025-56285) → now Ganymede 24 Fed Com 106H
- FKA: Ganymede 24 Fed Com 201H (API 30-025-56286) → now Ganymede 24 Fed Com 206H
- FKA: Ganymede 24 Fed Com 202H (API 30-025-56287) → now Ganymede 24 Fed Com 207H
- FKA: Ganymede 24 Fed Com 205H (API 30-025-56288) → now Ganymede 24 Fed Com 107H

Page 2

C-102s for the Wells are attached hereto as **Exhibit A**. The Wells will target the Bone Spring formation and the pool underlying the proposed non-standard spacing unit is the Red Hills; Bone Spring, North pool (Code 96434), which follows the statewide spacing rules. The Wells will comply with the statewide setback requirements for the non-standard spacing unit.

EOG seeks administrative approval of a non-standard spacing unit to develop the acreage as a single communitized area. Doing so allows EOG to implement effective well spacing that is necessary to prevent waste and best protect correlative rights. Division Rules contemplate and encourage oil and gas development, where possible, in enlarged areas of common ownership to promote efficient well spacing that promotes effective drainage of the contemplated pool or formation, *see, e.g.*, 19.15.16.7.P NMAC; 19.15.16.15.B(8) NMAC; 19.15.16.15.C(7) NMAC, and authorize administrative approval of such a request, *see* 19.15.16.15(B)(5) NMAC.

Tract maps are attached hereto as **Exhibit B**, which identify the approximate Well locations and the leases.

Exhibit C is a letter from reservoir engineer explaining the need for a non-standard unit and the benefits associated with a non-standard, as opposed to a standard, unit.

Proof of mailing notice of the application (including a copy of the application) to affected persons entitled to notice is attached hereto as **Exhibit D**. Also included in Exhibit D is a map identifying the affected tracts and ownership for notice purposes. **Exhibit E** is a letter from EOG's landman confirming that EOG owns 100% of the working interest in certain of the offsetting tracts, namely the W/2W/2 of Section 19, Township 24 South, Range 34 East; the N/2NW/4 of Section 25, Township 24 South, Range 33 East; and the NE/4NE/4 of Section 26, Township 24 South, Range 33 East.

Your attention to this matter is appreciated.

Sincerely,

Deana M. Bennett

Attorney for EOG Resources, Inc.

OPERATOR CERTIFICATION

I hereby certify that the information contained herein is true and complete to the best of my knowledge and belief, and, if the well is a vertical or directional well, that this organization either owns a working interest or unleased mineral interest in the land including the proposed bottom hole location or has a right to drill this well at this location pursuant to a contract with an owner of a working interest or unleased mineral interest, or to a voluntary pooling agreement or a compulsory pooling order heretofore entered by the division.

If this well is a horizontal well, I further certify that this organization has received the consent of at least one lessee or owner of a working interest or unleased mineral interest in each tract (in the target pool or formation) in which any part of the well's completed interval will be located or obtained a compulsory pooling order from the division.

Director Albert Chang
And
OCD Engineering Bureau
Oil Conservation Division
New Mexico Department of Energy,
Minerals and Natural Resources
1220 South Saint Francis Drive
Santa Fe, New Mexico 87505

RE: Application of EOG Resources, Inc. for administrative approval of a nonstandard spacing unit in the Bone Spring formation comprised of Section 24, Township 24 South, Range 33 East, Lea County, New Mexico.

Dear Director Chang/OCD Engineering Bureau:

EOG Resources, Inc., OGRID 7377 ("EOG"), respectfully requests administrative approval of a 640-acre, more or less, nonstandard spacing unit ("NSU") comprised of Section 24, Township 24 South, Range 33 East, Lea County, New Mexico.

EOG requests that the following proposed wells be included in the NSU approved order:

<u>Well Name</u>	<u>API Number</u>
Ganymede 24 Fed Com #106H (FKA: Ganymede 24 Fed Com 101H)	30-025-56285
Ganymede 24 Fed Com #107H (FKA: Ganymede 24 Fed Com 205H)	30-025-56288
Ganymede 24 Fed Com #206H (FKA: Ganymede 24 Fed Com 201H)	30-025-56286
Ganymede 24 Fed Com #207H (FKA: Ganymede 24 Fed Com 202H)	30-025-56287

The Wells will target the Bone Spring formation and the pool underlying the proposed non-standard spacing unit is the Red Hills; Bone Spring, North pool (Code 96434), which follows the statewide spacing rules.

Each well is a u-turn well and would be dedicated to a 320-acre horizontal spacing unit. EOG's goal is to create a single approximately 640-acre, more or less, spacing unit covering all of Section 24.

EOG seeks administrative approval of a non-standard spacing unit to develop the acreage as a single communitized area. Doing so allows EOG to implement effective well spacing that is

necessary to prevent waste and best protect correlative rights. Division Rules contemplate and encourage oil and gas development, where possible, in enlarged areas of common ownership to promote efficient well spacing that promotes effective drainage of the contemplated pool or formation, *see, e.g.*, 19.15.16.7.P NMAC; 19.15.16.15.B(8) NMAC; 19.15.16.15.C(7) NMAC, and authorize administrative approval of such a request, *see* 19.15.16.15(B)(5) NMAC.

In my opinion, approval of the NSU is in the best interest of conservation, prevention of waste, and protection of correlative rights.

Thank you for your consideration. Should you have any questions please contact me at Robert_Carlton@eogresources.com or 432-803-3451.

Sincerely,

Robert Carlton

Re: Application of EOG Resources, Inc. for administrative approval of a nonstandard spacing unit in the Bone Spring formation comprised of Section 24, Township 24 South, Range 33 East, Lea County, New Mexico.

Dear Sir or Madam:

Enclosed is a copy of the above referenced application filed with the New Mexico Conservation Division on this date. Any objections that you have to this application must be filed in writing with the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, within twenty (20) days from the date the Division receives the above-referenced application. If no objection is received within this twenty-day period, the application may be approved administratively by the Division.

Sincerely,

Deana M. Bennett
Attorney for EOG Resources, Inc.

RE: Application of EOG Resources, Inc. for administrative approval of a nonstandard spacing unit in the Bone Spring formation comprised of Section 24, Township 24 South, Range 33 East, Lea County, New Mexico.

Dear OCD Engineering Bureau:

I am a landman for EOG Resources, Inc. ("EOG"). EOG has requested administrative approval of a 640-acre, more or less, nonstandard spacing unit ("NSU") comprised of Section 24, Township 24 South, Range 33 East, Lea County, New Mexico. As noted in the NSU application materials, the NSU will encroach, in part, towards the namely the W/2W/2 of Section 19, Township 24 South, Range 34 East; the N/2NW/4 of Section 25, Township 24 South, Range 33 East; and the NE/4NE/4 of Section 26, Township 24 South, Range 33 East (the "EOG Operated Off-Setting Tracts").

As a landman for EOG, I have knowledge of the ownership of the EOG Operated Off-Setting Tracts. I confirm that EOG is the operator and owns 100% of the working interest in the EOG Operated Off-Setting Tracts.

Thank you for your consideration.

Sincerely,

James Barwis
Land Representative
