Dear Director Chang:

Devon Energy Production Company, L.P., (“Devon”), OGRID No. 6137, is seeking administrative approval of a 2,355.15-acres, more or less, nonstandard spacing and proration unit (“NSP”) for the Mimosa Ridge 6-4 Fed Com 621H, 622H, 623H, 624H, 625H, 626H, 627H, and 628H Wells, to be completed within the WC Burton Flat Upper Wolfcamp East Pool [98315] underlying all of Sections 4 and 5, and the E/2 of Section 6, Township 21 South, Range 29 East, NMPM, Eddy County, New Mexico.

Devon has included as **Exhibit A**, a letter explaining why this application is needed. These wells will produce from the WC Burton Flat Upper Wolfcamp East Pool [98315]. The Wolfcamp Pool is designated as an oil pool and statewide rules apply.

The non-standard horizontal spacing unit will be comprised of all of Sections 4 and 5, and the E/2 of Section 6, all in Township 21 South, Range 29 East, NMPM, Eddy County, New Mexico, and therefore notice was provided to affected persons adjoining the non-standard unit, pursuant to 19.15.16.15B(5)(b)(ii) NMAC.

Exhibit B are the eight (8) Form C-102s, which show the location of the Mimosa Ridge 6-4 Fed Com Wells in relation to the offset tracts.

Devon attests that, on or before submission of this application, it provided notice to the affected persons as described herein; said notice described satisfies all provisions of 19.15.16.15B(5)(b) NMAC. Devon has also provided notice to the New Mexico State Land Office and the Bureau of Land Management to the extent that state and federal leases are involved, pursuant

to 19.15.16.15B(5)(b)(ii) and 19.15.2.7A(8)(d) NMAC. A portion of the adjoining lands are part of the Big Eddy Federal Unit. Copies of the application and required plat maps are furnished. Devon provides herein a sectional map of this area, attached as **Exhibit C**. Proof of mailing, along with a copy of the notice letter sent to listed affected persons and parties, is attached hereto as **Exhibit D**.

Your consideration in this matter is appreciated.

Sincerely,

Abadie & Schill, PC

Township 21 South, Range 29 East, NMPM (“Unit”); Eddy County, New Mexico

Dear Mr. Lowe:

Devon Energy Production Company, L.P. (“Devon”) respectfully requests administrative approval of a non-standard spacing unit for the Mimosa Ridge Wells referenced above. The wells are all in the WC Burton Flat Upper Wolfcamp East Pool (Pool Code 98315).

Devon’s development plans for Sections 4, 5, and the East half of 6 encompass the entire 2,355.15-acre area, more or less. Due to restricted surface access and our obligation as a prudent operator to develop each formation from limited drill island locations, we must carefully plan wellbore placement and locations to optimize both the geology and production potential across these two contiguous sections. Development will be spaced uniform throughout the proposed unit eliminating any depletion or production timing variations. The BLM Federal Development Area covering these 2,355.15 acres was submitted, reviewed, and approved December 13, 2023.

Devon has a responsibility to be a prudent operator and approval of the non-standard unit would allow Devon to set up facilities and operations in a prudent manner that provides for the efficient development of these sections and avoids waste, pursuant to Section 70-2-3 of the Oil and Gas Act, by eliminating the unnecessary duplication of production facilities, Communitization agreements, and/or any comingle issues, thus bolstering revenue from production and protecting correlative rights.

For the foregoing reasons, Devon is requesting approval of the non-standard unit.

Sincerely,
