APPLICATION

MRC Permian Company (“MRC” or “Applicant”), through its undersigned attorneys, hereby files this application with the Oil Conservation Division to amend pooling Order R-21811 to add additional mineral owners to the pooling order. In support of its application, MRC states:

1. Matador Production Company (OGRID No. 228937) is the designated operator under Order R-21811 entered in Case No. 22052 on August 26, 2021.
2. Order R-21811 pooled uncommitted mineral interests in the Bone Spring formation [Malaga; Bone Spring Pool (42780)] underlying a standard 320-acre horizontal spacing unit comprised of the N/2 N/2 of Sections 14 and 15, Township 24 South, Range 28 East, NMPM, Eddy County, New Mexico.
3. This standard horizontal well spacing unit is currently dedicated to the drilled and producing **Bubba Burton 14 15 24S 28E #111H well** (API No. 30-015-48081) and the **Bubba Burton 14 15 24S 28E #121H well** (API No. 30-015-48082), both horizontally drilled from a surface location in the NE/4 NE/4 (Unit A) of Section 14 to a bottomhole location in the NW/4 NW/4 (Unit D) of Section 15.
4. Applicant has discovered additional mineral owners in the pooled acreage that were not subject to the pooling proceedings giving rise to Order R-21811.

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. A
Submitted by: Matador Production Company
Hearing Date: May 4, 2023
Case Nos. 23456-23457**

5. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from these additional mineral owners.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on May 4, 2023, and, after notice and hearing as required by law, the Division enter an order placing these additional mineral owners under the terms of Order R-21811.

Respectfully submitted,

**CASE NO. 23457
(formerly Case 22053)**

AFFIDAVIT OF HANNA BOLLENBACH

Hanna Bollenbach, of lawful age and being first duly sworn, states the following:

1. My name is Hanna Bollenbach and I am employed by MRC Energy Company, an affiliate of Matador Production Company ("Matador"), as a Senior Landman.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of public record.
3. I am familiar with the applications filed by MRC Permian Company ("MRC") in these consolidated cases and the status of the lands in the subject area.
4. In **Case No. 23456**, MRC seeks to re-open Case No. 22052 and add additional parties to be pooled under NMOCD Order No. 21811, which created a standard horizontal spacing unit in the Bone Spring formation comprised of the N/2 N/2 of Sections 14 and 15, Township 24 South, Range 28 East, NMPM, Eddy County, New Mexico. The spacing unit was initially

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B**

Case Nos. 23456-23457**

dedicated to the proposed **Bubba Burton Com #111H and Bubba Burton Com #121H wells**, both with a first take point in the NE/4 NE/4 (Unit A) of Section 14 and a last take point in the NW/4 NW/4 (Unit D) of Section 15.

5. In **Case No. 23457**, MRC seeks to re-open Case No. 22053 and add additional parties to be pooled under NMOCD Order No. 21812, which created a standard horizontal spacing unit in the Bone Spring formation comprised of the S/2 N/2 of Sections 14 and 15, Township 24 South, Range 28 East, NMPM, Eddy County, New Mexico. The spacing unit was initially dedicated to the proposed **Ken Wilson Com #112H and Ken Wilson Com #122H wells**, both with a first take point in the SE/4 NE/4 (Unit H) of Section 14 and a last take point in the SW/4 NW/4 (Unit E) of Section 15.

6. Since the original pooling cases, Matador has received updated title information for these units. After review of the updated title and prior pooling proceedings, we identified additional working interest and unleased mineral interest parties to be pooled, as described below.

7. **Matador Exhibit B-1** contains a Form C-102 for each of the initial wells in these standard horizontal spacing units. These forms demonstrate that the completed interval for the wells meet the standard setback requirements for horizontal oil wells.

8. These wells have been placed in the Malaga; Bone Spring [42780] pool.

9. There are no depth severances within the Bone Spring formation underlying this acreage.

10. **Matador Exhibit B-2** contains a tract map identifying the tracts in each respective unit that contain working interest and unleased mineral interest owners that MRC is seeking to pool in these cases. Both spacing units are comprised of entirely fee acreage. The acreage that is

not highlighted on Exhibit C-2 within these spacing units is acreage that is either: (i) entirely owned by MRC, (ii) the interest owner has signed Matador's JOA, or (iii) has already been force pooled in the original cases for these spacing units. As shown in Matador Exhibit B-2, these units contain a number of very small fee tracts. There were a few tracts for which we identified owners to be pooled which are not shown on this map because they were not identifiable in Matador's Eddy County parcels dataset; however, their interest is listed in Exhibit B-3 as a party MRC is seeking to pool.

11. **Matador Exhibit B-3** identifies the additional working interest and unleased mineral interest owners that Matador is seeking to pool in these horizontal spacing units.

12. **Matador Exhibit B-4** identifies the overriding royalty owners and non-participating royalty interest owners that MRC seeks to pool in each case.

13. **Matador Exhibit B-5** contains a sample of the well proposal letter and AFE sent to the working interest and unleased mineral interest owners MRC is seeking to pool. The costs reflected in the AFE are consistent with what other operators have incurred for drilling similar horizontal wells in the area in these formations.

14. Matador has conducted a diligent search of the public records in the county where the property is located and conducted computer searches in an attempt to locate contact information for each of these working interest and unleased mineral interest owners. Despite these efforts, Matador has thus far been unable to locate many of these additional parties we seek to pool. For a number of these owners, the original proposals were returned as undeliverable. We then conducted additional online searches and attempted to mail the proposals to other addresses potentially associated with those owners that we were able to locate. For those owners where the original proposals were delivered but we never heard a response, we also sent an additional follow-up

letter, a copy of the forms of which are attached as **Matador Exhibit B-6**. These lands involve numerous small tracts that include hundreds of owners showing in our title. Matador was able to locate many of these owners and obtain leases or other voluntary agreements. However, because we have not been able to locate and/or reach agreement with the owners listed in Matador Exhibit C-3 we are proceeding with adding those additional parties to the prior force pooling orders.

15. **Matador Exhibit B-7** contains a general summary of the contacts with the uncommitted working interest and unleased mineral interest owners that Matador is seeking to pool. The chart in **Matador Exhibit B-7** shows the following:

- a. When our proposal was shown as delivered to the owner, a checkmark is shown in the "Delivered to Initial Address." When the proposal was delivered, if we did not receive an election back from the owner or otherwise contact the owner, we mailed a follow-up letter, which is shown as a checkmark in the "Follow-Up Letter Sent" column.
- b. If our original proposal was not delivered, this is shown as a checkmark in the "Unable to Deliver" column. For those undelivered proposals, if we were able to locate a potential alternative address, we sent a proposal to the second address. However, if we were unable to locate a potential additional address, we tried resending the proposal to the address we had originally located. These second proposal attempts are shown as a checkmark in the "Second Attempt" column.
- c. As shown in **Matador Exhibit B-7**, there were a few owners that were entirely unlocatable based on our search.

16. In my opinion, Matador has undertaken good faith efforts to reach an agreement with the uncommitted mineral owners.

17. Matador requests that the overhead and administrative costs for drilling and producing the proposed wells be set at \$8,000 per month while drilling and \$800 per month while producing. These costs are consistent with what other operators are charging in this area for similar wells.

18. Matador has provided its outside counsel, Holland and Hart, with the names and addresses (where available) of the parties that Matador seeks to pool and instructed that they be notified of this hearing.

19. **Matador Exhibits B-1 through B-7** were either prepared by me or compiled under my direction and supervision.

FURTHER AFFIANT SAYETH NAUGHT.

Re: Bubba Burton #111H, #121H & #131H (the "Wells")
Participation Proposal
Section 14 & 15, Township 24 South, Range 28 East
Eddy County, New Mexico

Dear Sir/Madam:

MRC Permian Company ("MRC") proposes the drilling of Matador Production Company's Bubba Burton #111H, Bubba Burton #121H and Bubba Burton #131H wells, located in Sections 14 & 15, Township 24 South, Range 28 East, Eddy County, New Mexico, to the Bone Spring formation.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping of each Well is itemized on the three (3) enclosed Authority for Expenditures ("AFE") both dated December 7, 2022.
- **Bubba Burton #111H:** to be drilled from a legal location with a proposed surface hole location in the NE/4NE/4 of Section 14-24S-28E and a proposed bottom hole location in the NW/4NW/4 of Section 15-24S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,361' TVD) to a Measured Depth of approximately 17,755'.
- **Bubba Burton #121H:** to be drilled from a legal location with a proposed surface hole location in the NE/4NE/4 of Section 14-24S-28E and a proposed bottom hole location in the NW/4NW/4 of Section 15-24S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,333' TVD) to a Measured Depth of approximately 18,742'.
- **Bubba Burton #131H:** to be drilled from a legal location with a proposed surface hole location in the NE/4NE/4 of Section 14-24S-28E and a proposed bottom hole location in the NW/4NW/4 of Section 15-24S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,640' TVD) to a Measured Depth of approximately 19,007'.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

Exhibit No. B5

Submitted by: Matador Production Company

Hearing Date: May 4, 2023

Case Nos. 23456-23457

MRC requests that you indicate your election to participate in the drilling and completion of the Wells in the space provided below, sign and return one (1) copy of this letter to the undersigned.

As an alternative to participation in the well Matador is interested in leasing your mineral interest, subject to title verification, for \$1,500/acre, 1/5 royalty, and a 3 year term on the lease form enclosed. Should you be interested in selling or leasing your minerals, please indicate below and provide your preferred contact information, and we will contact you to discuss.

If your election is to participate in the drilling and completion of the Well, please sign and return a copy of the enclosed AFE within thirty (30) days of receipt of this notice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and by electing to participate in the Well, each working interest owner shall be responsible for its proportionate share of all costs incurred.

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

MRC PERMIAN COMPANY

Hanna Bollenbach

Andy Brumfield, as his separate property hereby elects to:

The costs on this AFE are estimates only and may not be considered as a binding or any specific item in the later part of the project. Taking escalation approved under the AFE, may be delayed up to a year after the well has been completed. In executing the AFE, the Participant agrees to pay its proportionate share of actual costs incurred, including, without limitation, regulatory approvals and well costs under the terms of the applicable joint operating agreement, applicable orders or other agreements covering this well. Participants will be covered by well bore and general liability insurance unless a participant provides Operator a certificate evidencing its own insurance in an amount accessible to the Operator by the date of spend.

Re: Ken Wilson #112H, #122H & #132H (the "Wells")
Participation Proposal
Section 14 & 15, Township 24 South, Range 28 East
Eddy County, New Mexico

Dear Sir/Madam:

MRC Permian Company ("MRC") proposes the drilling of Matador Production Company's Ken Wilson #112H, Ken Wilson #122H and Ken Wilson #132H wells, located in Sections 14 & 15, Township 24 South, Range 28 East, Eddy County, New Mexico, to the Bone Spring formation.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping of each Well is itemized on the three (3) enclosed Authority for Expenditures ("AFE") both dated December 7, 2022.
- **Ken Wilson #112H:** to be drilled from a legal location with a proposed surface hole location in the SE/4NE/4 of Section 14-24S-28E and a proposed bottom hole location in the SW/4NW/4 of Section 15-24S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~7,361' TVD) to a Measured Depth of approximately 17,755'.
- **Ken Wilson #122H:** to be drilled from a legal location with a proposed surface hole location in the SE/4NE/4 of Section 14-24S-28E and a proposed bottom hole location in the SW/4NW/4 of Section 15-24S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,333' TVD) to a Measured Depth of approximately 18,742'.
- **Ken Wilson #132H:** to be drilled from a legal location with a proposed surface hole location in the SE/4NE/4 of Section 14-24S-28E and a proposed bottom hole location in the SW/4NW/4 of Section 15-24S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,640' TVD) to a Measured Depth of approximately 19,157'.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

MRC requests that you indicate your election to participate in the drilling and completion of the Wells in the space provided below, sign and return one (1) copy of this letter to the undersigned.

As an alternative to participation in the well Matador is interested in leasing your mineral interest, subject to title verification, for \$1,500/acre, 1/5 royalty, and a 3 year term on the lease form enclosed. Should you be interested in selling or leasing your minerals, please indicate below and provide your preferred contact information, and we will contact you to discuss.

If your election is to participate in the drilling and completion of the Well, please sign and return a copy of the enclosed AFE within thirty (30) days of receipt of this notice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and by electing to participate in the Well, each working interest owner shall be responsible for its proportionate share of all costs incurred.

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

MRC PERMIAN COMPANY

Hanna Bollenbach

Billy M. Gregg, as his separate property hereby elects to:

The costs on this AFE are estimates only and may not be accurate until all well costs are known. This AFE may be revised up to a year after the well has been completed. In executing this AFE, the Participant agrees to pay its proportionate share of actual costs incurred, including legal, regulatory, regulatory, engineering and well costs under the terms of the applicable (part) operating agreement. If a participant fails to pay its proportionate share of actual costs incurred, the Operator may, at its discretion, suspend operations on the well and/or take other actions to protect its interests. Participants shall be required to provide and maintain liability insurance for the Operator's well control and general liability insurance unless participant provides Operator a certificate evidencing its own insurance in an amount acceptable to the Operator by the date of input.

Ladies & Gentlemen:

This letter is to advise you that MRC Permian Company has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on May 4, 2023, and the status of the hearing can be monitored through the Division's website at <https://www.emnrd.nm.gov/ocd/>.

The hearing will be conducted on May 4, 2023, beginning at 8:15 a.m. Due to ongoing construction and associated space limitations at the Wendell Chino Building, Parties, Counsel for Parties, and the public are encouraged to attend/participate via the Webex Meeting platform. To participate in the electronic hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Hanna Bollenbach at (972) 619-4341 or Hanna.Bollenbach@matadorresources.com.

Sincerely,

Paula M. Vance
